

# BrainCamp 2024

BrainCamp is a 5-day program with a focus on teaching neuroscience to students aged 16 to 18 in Prishtina, Kosovo at the University of Business and Technology (UBT).

Are you a **Master's student, PhD candidate, or postdoctoral researcher in the field of neuroscience** looking for a unique and impactful opportunity?

BrainCamp Kosovo invites you to join us for **a week-long educational journey in July**. This is not only an opportunity to teach but also a chance to immerse yourself in a different culture and community.

Your accommodation and flights\* will be covered, allowing you to focus on making a meaningful contribution to the education of bright, eager students. This experience promises not only to enrich the lives of your students but also to provide you with invaluable teaching experience.

Join us in this rewarding endeavor and be part of shaping the future of neuroscience education in Kosovo!

For more information, check out our website: [www.xhmf.org](http://www.xhmf.org)

*\*Flight expenses will be partially supported with a \$500 stipend. Any additional costs beyond this amount will be the responsibility of the participant.*

If you're interested in applying for this teaching opportunity, please send **a brief paragraph detailing your current academic or professional position, your experience in teaching, if any, and an up-to-date CV to [xhmfoundation@gmail.com](mailto:xhmfoundation@gmail.com)**

## Topics:

- History of Neuroscience - Neuroanatomy - Cell types
